No 9/1960 dt 19-8-1926

Sir

I am to report a copy of the resolution in the matter of having a separate laundry in the Victoria Hospital for washing the clothes of the patients together with the replies of Govt. thereto.

Letter No 5C 87-4. dated the 1st Sept 1926 from the Senior Surgeon enquire reporting that he has called for from the ~~Senior~~ the Executive Engineer an estimate for the establishment of a laundry in the Victoria Hospital and that a further report would be submitted in due course. Submitted for orders. If agreed final reply may be issued after perusal by the First Member of Council, as the question is one relating to a Resolution at the last R.A. & L.C. Session.

Mrs Pearce has ~~separated~~ given notice of ~~her~~ intention to leave the service

CW Please note this. and return accordingly

Letter No 4-C97-22 dated the 15th July 1927 from the Senior Surgeon enquire forwarding the plan and estimate amounting to Rs 42,000/- for the erection of an electric laundry at the Victoria Hospital. It stated that as the cost is prohibitive and enough water will not be available, the proposal to provide a laundry may be ordered to lie over, &c.

Submitted for orders

C.S.

17/2/27 The cost appears to be very high and as observed by the S.S. the supply of water for the laundry will also be precarious in these circumstances however. The suggestion of the S.S. to put off the work upto the next year may perhaps be accepted.

His Highness the Maharaja of Mysore,
Bangalore.

To

The General Secretary
to the Government of His Highness
the Maharaja of Mysore, Bangalore.

Urgent

Sir,

With reference to your letter No.G.8422-Med. dated 10th February 1927, calling for early submission of plan and estimate for an electric laundry at the Victoria Hospital, I have the honour to forward the plan and estimate amounting to Rs.42,000/- for the work, received with the Chief Engineer's letter No.7667, dated 12th February 1927, and to state that not only is the cost of the work fairly high (prohibitive?) but there is also difficulty in securing the quantity of water required for the normal working of the hospital. In these circumstances, it is my opinion that the scheme may well be ordered to lie over till funds and a copious supply of water become available, and that the existing arrangements for washing the hospital linen as referred to in the Medical Officer's letter No. 7 2 6, dated 28-9-1926 (copy enclosed) be allowed to continue. A copy of the Chief Engineer's letter No.7667, dated 12th February 1927 is also enclosed.

I have the honour to be,

Sir,

Your most obedient servant,

Mahomed

~~Senior~~ Surgeon.

Letter No.7667, dated 12-2-1926 from the Chief Engineer of Mysore, Bangalore to the Senior Surgeon in Mysore, Bangalore.

Adverting to correspondence ending with your D.O.letter No.G.C.97 of 26-27, dated the 11th January 1927, I have the honor to forward herewith, for your countersignature a rough plan and estimate the latter amounting to Rs.42,000/- for the construction of an electric Laundry for the Victoria Hospital, Bangalore. If the design proposed is finally approved by Government detailed estimate and plan will be got up as per rates now current.

" C o p y "

Senior Surgeon.

(9

Letter No.726, dated 28-9-27, from the Medical Officer, Victoria Hospital, Bangalore to the Senior Surgeon in Mysore, Bangalore.

With reference to your No.G.C.97-2, dated 31-8-26, I have the honor to report that there are six Dhobies on the staff to wash the linen of the hospital. For want of a laundry on the premises, these dhobies are allowed to take the soiled linen to their homes for washing, and they return the washed linen once in eight days. To prevent infection being carried to the public outside the clothing of patients, suffering from Typhoid and other infectious diseases are thoroughly disinfected before they are issued to the dhobies; and so there is no chance of any infection being carried from the hospital.

Mr. Carriappa, the Superintendent, Bangalore Power and Lighting, informed me casually that he has an inexpensive electric washing machine; and I am corresponding with him in the matter,

On the observation of the Board of Visitors that the hospital linen should not be allowed to be mixed with those of the public, a proposal has been submitted to you with this office No.1751 dated 10-3-1926, for sinking a well in the compound to wash the clothes on the premises.
